Essay [Each question is worth 5 points.]

Answer the following questions with at least one paragraph.

33. Explain why it is important to share the gospel with both words and actions. How can you share the gospel this way with the people in your life?

Possible answer: Words are necessary in order to share the gospel message. You can't share the gospel without words. But actions are also necessary to show the love of Jesus and that Christians live what they preach. Words give the truth of the message while actions give credibility to the message. I can use words and actions to share the gospel by raking leaves for my elderly non-Christian neighbor, building a caring relationship, and taking opportunities to talk with my neighbor about who Jesus is and what he has done for us. If there is a relationship in place, it may make it easier to share the truth with words.

34. What purpose do artistic elements or items in churches serve? How could Christian artists use their skills not only to encourage the church but also to serve as a witness to the world? Possible answer: Church buildings often include architecture, symbols, banners, images, and artwork that are designed to draw attention toward God. They specifically draw attention to God's character, beauty, holiness, and majesty. Christian artists can encourage the church by designing these sorts of things to draw the mind and heart toward Christ. They can also point the world toward Jesus through creating beautiful art and architecture that points toward God even in subtle ways.

35. Explain the reason that baptism and communion are important for Christian community. Baptism and communion tell the story of what God has done, is doing, and will do. Baptism symbolizes dying to sin and rising with Christ. Communion commemorates the body and blood of Jesus given for the forgiveness of our sins. These sacraments proclaim the truth, offer worship to God, and promote unity in the church.
